## EXPERIENCE

|                    |                                                                                                                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| since 07/2026      | <b>BIGM, Munich.</b> Marketing manager, part-time. Social media presence and brand identity for a B2B AI sales-automation platform.                                                                        |
| since 02/2026      | <b>CoLaunch, Istanbul.</b> Co-founder, colaunch.app. Platform matching startup ideas with talent; 3rd at Boğaziçi Enterprize; national level among JA Startup teams; YTU Entrepreneurship semi-final.      |
| 10/2025 to 02/2026 | <b>Kaesar Kompressoren.</b> TUM circular economy project, team of five. Take-back scheme and product as a service model; my part was the Scope 3 method and the ESPR and Digital Product Passport reading. |
| 10 to 11/2025      | <b>SILREAL GmbH, Berlin (remote).</b> Consultant intern. Worked in the team on a market entry research project; built the client facing slides.                                                            |
| 05 to 09/2025      | <b>Microbify GmbH, Straubing.</b> Market expansion consultant, project study. Mapped and sized three B2B segments; market-entry strategy with KPIs and risk assessment. Graded 1.0 by TUM.                 |
| 07 to 08/2024      | <b>HTE Industrial Control Systems, Istanbul.</b> Sustainability consultant intern. Went through the reporting obligations and separated what applied to a controls manufacturer from what did not.         |
| 03 to 04/2024      | <b>Tuğçelik Alüminyum, Istanbul.</b> Sustainability intern. Collected fuel and electricity data across the production sites and built a Scope 1 and Scope 2 inventory from it.                             |

## EDUCATION

|              |                                                                                                           |
|--------------|-----------------------------------------------------------------------------------------------------------|
| 2024 to 2027 | <b>Technical University of Munich.</b> BSc Sustainable Management & Technology, 5th semester from 10/2026 |
| 2025 to 2029 | <b>Istanbul University.</b> BSc Economics, remote                                                         |
| 2023 to 2024 | <b>Yeditepe University.</b> Management Information Systems, transferred to TUM                            |
